Relevant commodities and relevant products as referred to in Article 1

The following table lists goods as classified in the Combined Nomenclature set out in Annex I to Regulation (EEC) No 2658/87 that are referred to in Article 1 of this Regulation.

Except for by-products of a manufacturing process, where that process involved material that was not waste as defined in Article 3, point (1), of Directive 2008/98/EC, this Regulation does not apply to goods if they are produced entirely from material that has completed its lifecycle and would otherwise have been discarded as waste as defined in Article 3, point (1), of that Directive.
